

Comfort-Cire®

TPRG

Heat Pump Packaged Unit

14 SEER

SPECIFICATIONS

REFRIGERANT SYSTEM

- Environmentally friendly R410A refrigerant
- Copper tubing with enhanced fin coils
- Internal service gauge ports

CABINET CONSTRUCTION

- Rounded corners for safety and an attractive, clean appearance
- One piece base design for strength and stability
- Drain ports for condensate management and coil runoff
- Low profile, with compact footprint
- Insulation to minimize heat loss plus reduce sound
- Textured pre-painted steel cabinet finish
- Superior service access to components
- One piece “no leak” top design

BLOWER

- Insulated compartment to reduce sound
- Efficient multispeed motor for wide airflow range
- Slide out blower housing for easy service

CONTROLS

- Integrated control with L.E.D. self diagnostics
- Defrost control board with field selectable time intervals
- High and low refrigerant pressure switches for system protection
- Built in short cycle protection to protect compressor
- Built in “quiet shift” operation during defrost

INSTALLATION

- Horizontal or down discharge capable
- Utility connections on “right side”
- Tabbed duct flanges for simple duct connection

ACCESSORIES

- Hinged roofcurb
- Lifting brackets
- Internal Filter Kits
- Electric strip heat with optional single point power entry

WARRANTY

Standard warranty or Extended warranty available with product registration. See warranty document for details or visit www.marsdelivers.com

Due to ongoing product improvements, specifications and dimensions are subject to change and correction without notice or incurring obligations. Determining the application and suitability for use of any product is the responsibility of the installer. Additionally, the installer is responsible for verifying dimensional data on the actual product prior to beginning any installation preparations.

Third party incentive and rebate programs have precise requirements as to product performance and certification.

All products meet applicable regulations in effect on date of manufacture; however, certifications are not necessarily granted for the life of a product. Therefore, it is the responsibility of the applicant to determine whether a specific model qualifies for these incentive/rebate programs.
